I was afraid of that. It's a little early in R8 but I'll send the message and carry over any comments. I'll also close the old one so we don't miss any additional comments.

Yes please, and it looks like Joe made some edits in the version we were working in – can you carry those over?

Note that Erin just sent around another version for review to Tom, Everett and Diane late last night (due June 17). You were cc'ed on it so you'll see it this morning. Should we ask Erin to open it up to Corey, Joe and Kathryn rather than using the (old) version below? I think that would make sense, but I feel bad as we should have had our initial review done.

I'm done with my review, but I flagged Joe and Corey on a few things. And Kathryn, I think we are still hoping for your input.

Sengco, Mario shared a file with you

If you haven't had a chance to review this draft disapproval letter, please do, especially what it says about the remedy. We indicated to R8 that we would send them back comments by this Wednesday (6/8). If folks feel we need to have a meeting (just us and/or with R8), let me know and I can look for time. Mario
